About Us

Achievement Trading is the trading division under PT. Genta Buana Mulia — a company that has served Indonesian corporate and state-owned clients for over 10 years through its consulting division, Achievement Consulting.

We connect Indonesian suppliers with international buyers for leading Indonesian export commodities, backed by strong institutional reputation and business networks. Our team has hands-on experience facilitating cross-border transactions — including the sale of live plants to a buyer in Saudi Arabia (2022) — and understands the dynamics of negotiating and coordinating with international partners.
